The camper's skill level will be evaluated while in camp for placement in the appropriate golf clinic class.

Beginner & Intermediate Golf Clinics Curriculum

Campers will be taught the fundamentals of golf, including grip, stance, balance, rhythm, and set up routine. Emphasis will be placed on the full swing, short game, rules, etiquette, and the values of golf. Scoring, trouble shots, specialty shots, mental preparation, and on course strategy will also be covered.

Campers will spend their learning time primarily on the pitch and putt course, driving range, short game area, and on the putting green. The golf program focuses on learning the golf basics ...the fundamentals of the game. This is the perfect choice for younger children, beginners and less experienced players.
